

PATRICK VILLANUEVA

Puerto Princesa City, Palawan | 908-778-7328 | patrickpilapilvillanueva@gmail.com

SUMMARY

Detail-oriented data professional with experience in data cleaning, validation, and quality checks from corporate and internship roles. Skilled in preparing analysis-ready datasets using Excel, Tableau, and MS SQL and supporting report creation for business stakeholders. Strong attention to detail and interest in growing in data analytics and business intelligence.

SKILLS

- Data: Data cleaning, validation, data quality checks, handling missing values, standardizing formats
 - BI & Reporting: Tableau (dashboards, filters, KPIs), Excel (Pivot Tables, basic formulas, charts), basic summaries
 - Databases & Tools: MS SQL (basic queries), Microsoft Excel, Tableau, Google Sheets, PowerPoint
 - Strengths: Documentation, teamwork, clear communication with non-technical users
-

EXPERIENCE

Data Analyst - Ascendion - BGC Taguig

April 2025 – September 2025

- Performed end-to-end data cleaning, validation, and quality checks on large enterprise datasets.
- Structured and standardized raw data into organized, analysis-ready tables for recurring reports.
- Flagged and documented inconsistencies, missing values, and other data issues prior to analysis.
- Coordinated with Technical Consultants on data requirements and reporting needs.

Data Support Intern – Hytec Power Inc. | Quezon City

April 2024 - May 2024

- Collected, organized, and maintained event and participant data in spreadsheets.
 - Assisted with basic data checking to ensure accuracy and completeness.
 - Helped prepare simple internal reports and summaries for event reviews.
-

PROJECTS

Tableau Project – Data Visualization Using Tableau

Nov 2025 – Dec 2025

- Cleaned and prepared datasets for analysis and visualization.
 - Built interactive Tableau dashboards with filters, KPIs, and charts to show key trends.
 - Presented insights in a clear, non-technical way for easier decision-making.
-
